Ask for Nipp Charolais block pricing.

INSPECTION OF CATTLE:

Cattle can be inspected on the ranch at anytime by contacting Nipp Charolais .

SALE VETERINARIAN:

Dr . Caleb Plett, ...(580) 662-3002
Southern Plains Animal Hospital, Ringling, OK

HERD HEALTH:

All bulls will pass a breeding soundness exam (BSE) . Cattle will have the proper health certificates for immediate shipment . All bulls are BVD PI free, trich tested, virgin bulls, fed and developed on forage based diet . Bulls have been dewormed and boostered for blackleg, respiratory, and vibrio lepto .

TERMS AND CONDITIONS:

The cattle will be sold under the standard terms and conditions of the American International Charolais Association. All announcements from the auction block will take precedence over all printed materials.

SALE SETTLEMENT:

All cattle are to be settled for prior to load out unless arrangements have been made with Nipp Charolais .

LIABILITY:

All persons attending the sale and related functions do so at their own risk. Nipp Charolais assumes no liablity, legal or otherwise, for any accidents that may occur .

VIDEOS OF CATTLE:

Videos of bulls will be available at Live-Ag .com and Nipp Charolais websites.

Welcome to our Fall Production Sale. We hope by the time you read this welcome letter it finds everyone receiving much needed moisture and cooler weather. Thank you for your interest in our program. Please accept this as your personal invitation to attend the sale on Oct 31st at 1pm.

The quality of this sale offering runs as deep as any we have offered in the past. The bulls have been developed on grass pastures with hay and feed as needed to allow them to develop at their own pace rather than by crowding them to achieve record performance. We believe as many of you do that the conditioning and development of these bulls add to their longevity and keeps them making you the commercial producer more money for more years. We have continued to add some Charolais / Red Angus cross bulls as several of you have requested. These commercial Charolais composite bulls still possess some of our top Charolais Genetics and are out of low birth weight and high growth purebred Red Angus Sires. All of them have been recently dewormed with Dectomax injectible and have been boostered with Bovi Shield Gold One Shot, Ultra Choice 7 and Spirovac VL5. All have passed a rigorous breeding soundness exam by Dr. Caleb Plett with Southern Plains Animal Hospital in Ringling, Ok. Dr. Plett will also be our sale day Vet and will be on site to write health papers and to answer any question about our herd health program.

The females in this years sale are a really progressive modern set. The mature cows we are offering have repeatedly proven themselves in our program and will continue to succeed in your operation. The bred and open heifers are no exception. These young females offer some of the same productive genetics that have allowed our programs to grow. Our friends at MW Farms will be joining us again in the female portion and will be offering an outstanding set of females. While trying to offer our friends and customers good genetics and cattle that will perform, our good friend and neighbor Todd Jessen will offer a dozen purebred commercial Red Angus bred heifers. They will be northern genetics and pred to proven calving ease Red Angus bulls.

Come join us on Oct 31st 2026 for lunch at noon with the sale to follow at 1pm. We welcome your call and visits anytime.

Thank You,

Curtiss Nipp

Frontier Feeds

MARLOW, OKLAHOMA

Frontier Feeds Company is a full-service, livestock-feed manufacturer, located at 1801 W. Nabor Ave., Marlow, OK. Frontier provides feed in 50lb sacks or bulk deliveries. Any Frontier Feeds product, as well as custom rations, can be delivered in bulk as 3-Ton minimum orders. Custom rations manufactured in 50lb sacks may be ordered as 2-Ton minimum orders. Please call 1-580-721-9548 or 1-580-658-2525 for pricing on any type of feed.

Frontier Feeds offers a complete line of cattle mineral and feed, including commodity blends, cubes and pellets. We manufacture our ¼" Creep Pellets and AN Cattle Cubes with a protein content range of 14% - 37%, including a 34% Hi-Fat Cube or Pellet. Frontier's EZ Creep Pellet is formulated with Availa 4 and Bovatech to be a nutrient-dense, energy-packed pellet with 16% Protein, 3% Fat, & 13% Fiber. You can expect improved health, larger gains, and less overall stress at weaning when using EZ Creep. Frontier EZ Graze Mineral contains the proper balance and ratio of essential cattle minerals. EZ Graze is available with or without Medication and/or IGR/ Fly Control. Frontier's cattle feed and mineral is formulated to meet the nutrition requirements of cattle throughout the stages of development. In addition to our standard line of cattle feed, we have the capability to manufacture custom rations, pellets, and cubes upon request. Frontier focuses on providing top nutritional quality feeds with strict quality-control production methods. Our quality feeds and minerals assist our producers in achieving maximum results within their livestock operations.

Frontier manufactures a full line of pig feed centered around gut health and efficiency. We produce high-quality sow cubes, ground gestation and lactation diet, 2 types of commercial grower diets, and baby pig feed. Frontier's full line of baby pig feed includes a ground blend and medicated/non-medicated pellets of Pre-Starter, Starter 1 and Starter 2. Frontier manufactures all pig feeds in-house as a ground blend using Ralco's proprietary technology to enhance gut health by increasing populations of good "gut" bugs and decreasing bad "gut" bugs. The exception is the pellets used in our full line of baby pig feed and the sow cubes. In addition, Frontier is the regional manufacturer for Ralco & Lindner Show Feeds.

Equi-Grain is Frontier Feeds' line of 5, premium, house-blended feeds. The different Equi-Grain rations have been carefully formulated to cover all classes of equine and their nutritional needs year around. Each blend has been designed with the same basic ingredients to ensure an easy transition between feeds to fit the changing pasture conditions, workloads, or your aging equine. The entire Equi-Grain line is formulated with Element. Element is a special blend only found at Frontier Feeds. With the addition of Element, we can ensure consistent blends and unbeatable quality. Element is in a pellet form making it the ideal "element" to produce quality mixtures. This feature is packed with vitamins, minerals, chelated trace minerals, and digestive aids. Element is the foundation of our equine line and is designed to provide consistency and support equine nutrition.

As a full-service agriculture provider, Frontier Feeds provides a wide range of products and services to match the needs of your farm or ranch. We offer EnergiPlus Livestock Supplements, animal-health products, pet food, bird seed, non-Frontier show feeds, show supplies, & farm supplies.
