Safe to the up and coming All Mighty that has been siring champions and high sellers early in his career. If this one has a heifer call us, we will be one of the first to come check her out!

Look in here! Stout, Shaggy and Freaky! We have been a big fan of this one since she was born, her mother sold through this sale two years ago from Bob Agle. Her mother is one of our best up and coming cows at our place. We think this one makes an incredible cow to make some show steers with, I think she shows well in the crossbred division but her real value is in the pasture!

Just because she's white doesn't mean you should sleep on this one! She's going to make a killer cow just like her mother has us. Her mother had a successful show career for the Skrinjar Family, winning both shows at Ohio State Fair as well as Division wins at KILE and NAILE. If you've been through our whites, you know how good of a cow this one will be after seeing the cow her mother made. Bred to May We All, this calf will dual register. Don't miss out, we have too many whites running around otherwise she would be staying here to make a cow.
